

SOMCHAI RATTANAKUL

Industrial Maintenance Technician | Mechanical & Electrical Maintenance

Samut Prakan, Thailand

Phone: +66 81 555 2741

Email: somchai.rattanakul.test@example.com

PROFESSIONAL SUMMARY

Industrial Maintenance Technician with 7 years of hands-on experience maintaining production machinery, conveyor systems, pumps, motors, pneumatic equipment, and basic electrical control systems in manufacturing environments. Experienced in preventive maintenance, equipment troubleshooting, breakdown response, machine installation, and maintenance documentation. Familiar with factory safety procedures, 5S, lockout/tagout practices, and working with production teams to reduce machine downtime.

WORK EXPERIENCE

Industrial Maintenance Technician

Siam Precision Components Co., Ltd.

Bang Phli, Samut Prakan, Thailand

March 2022 – Present

- Perform preventive and corrective maintenance on production machinery, conveyor systems, hydraulic units, pumps, motors, and pneumatic equipment.
- Diagnose mechanical and basic electrical faults during production breakdowns.
- Replace bearings, belts, chains, sensors, solenoid valves, cylinders, and other worn machine components.
- Inspect equipment according to daily, weekly, and monthly preventive maintenance schedules.
- Support machine installation, alignment, testing, and commissioning activities.
- Record maintenance activities, spare-parts usage, equipment faults, and completed repairs.
- Coordinate with production supervisors during emergency machine shutdowns.
- Assist external contractors during major equipment servicing and facility maintenance.
- Follow factory safety procedures, PPE requirements, 5S standards, and lockout/tagout procedures.

Maintenance Mechanic

Eastern Packaging Industries Co., Ltd.

Chon Buri, Thailand

June 2019 – February 2022

- Maintained packaging machines, rollers, gearboxes, conveyors, air compressors, and utility equipment.
- Responded to mechanical breakdowns and performed fault inspection before repair.
- Conducted lubrication, belt tension adjustment, bearing replacement, and equipment cleaning.
- Assisted electricians with motor replacement, proximity sensor installation, and control-panel inspection.
- Performed basic welding and fabrication for machine guards, brackets, frames, and repair work.
- Prepared tools and replacement parts for scheduled maintenance.
- Reported recurring equipment problems to the maintenance supervisor.

Junior Maintenance Technician**Metro Food Processing Co., Ltd.**

Samut Prakan, Thailand

May 2017 – May 2019

- Assisted senior technicians with preventive maintenance of food-processing and packaging equipment.
- Inspected motors, pumps, bearings, chains, and pneumatic lines.
- Replaced damaged mechanical components under supervision.
- Maintained workshop tools and spare-parts storage areas.
- Completed basic maintenance checklists and equipment inspection records.
- Followed hygiene and safety requirements for food-production areas.

EDUCATION**Higher Vocational Certificate (ปวส.) — Industrial Technology****Samut Prakan Technical College**

Samut Prakan, Thailand

2015 – 2017

Vocational Certificate (ปวช.) — Mechanical Technology**Samut Prakan Technical College**

Samut Prakan, Thailand

2012 – 2015

TECHNICAL SKILLS

- Preventive Maintenance

- Corrective Maintenance
- Mechanical Troubleshooting
- Industrial Machinery Maintenance
- Conveyor Systems
- Pumps and Electric Motors
- Bearings, Belts and Chain Drives
- Pneumatic Systems
- Basic Hydraulic Systems
- Basic Electrical Troubleshooting
- Sensors and Limit Switches
- Hand and Power Tools
- Basic Welding and Fabrication
- Equipment Installation
- Maintenance Documentation
- Spare Parts Inspection
- 5S Workplace Organization

SAFETY & TRAINING

- Basic Occupational Safety Training
- Lockout/Tagout Awareness
- Fire Safety and Emergency Response Training
- Forklift Safety Awareness
- Internal 5S Training

LANGUAGES

Thai: Native

English: Basic working proficiency

ADDITIONAL INFORMATION

Availability: 30 days' notice

Driving Licence: Thai driving licence

Work Preference: Factory and industrial maintenance roles in Bangkok, Samut Prakan, or Chon Buri
