

NATTAYA WONGSAKUL

Supply Chain Analyst | Inventory Planning | Data Analysis

Bangkok, Thailand

Phone: +66 92 555 6813

Email: nattaya.wongsakul.test@example.com

PROFESSIONAL SUMMARY

Supply Chain Analyst with 4 years of experience in inventory analysis, demand planning support, procurement coordination, and operational reporting within consumer goods and distribution businesses. Experienced in using Excel, Power BI, SQL, and ERP data to monitor inventory levels, identify stock risks, analyze supplier performance, and support monthly planning activities. Comfortable working with procurement, warehouse, sales, finance, and logistics teams.

PROFESSIONAL EXPERIENCE

Supply Chain Analyst

Aster Consumer Products (Thailand) Co., Ltd.

Bangkok, Thailand

January 2024 – Present

- Analyze inventory levels, sales history, purchase orders, and demand data for approximately 1,200 active SKUs.
- Prepare weekly inventory reports covering stock availability, slow-moving inventory, stock-out risks, and excess stock.
- Build and maintain Power BI dashboards for inventory and supplier performance monitoring.
- Support monthly demand and supply planning meetings by preparing historical sales and inventory data.
- Coordinate with procurement and warehouse teams regarding delayed purchase orders and critical stock items.
- Use Excel and SQL to clean, combine, and analyze operational data from ERP exports.
- Monitor supplier lead times and highlight significant delivery delays to procurement teams.
- Perform root-cause analysis on inventory discrepancies and recurring stock availability issues.
- Assist management with ad hoc analysis for promotions, product launches, and inventory planning.

Inventory Planning Officer

Metro Distribution Services Co., Ltd.

Bangkok, Thailand

July 2022 – December 2023

- Monitored inventory movements across the company's central warehouse and regional distribution locations.
- Prepared replenishment recommendations using sales history, current stock, outstanding orders, and minimum stock levels.
- Maintained inventory planning spreadsheets and monthly KPI reports.
- Coordinated with purchasing staff regarding replenishment orders and supplier delivery schedules.
- Investigated discrepancies between system inventory and warehouse reports.
- Prepared reports on stock aging, inventory turnover, stock-outs, and excess inventory.
- Worked with warehouse teams during monthly cycle counts and annual physical inventory checks.

Procurement Intern

Thai Meridian Trading Co., Ltd.

Bangkok, Thailand

January 2022 – April 2022

- Assisted procurement officers with purchase-order preparation and supplier quotation comparisons.
- Updated supplier information and purchasing records in Excel.
- Followed up with suppliers regarding expected delivery dates.
- Prepared basic purchasing and delivery-status reports.
- Organized procurement documents including quotations, purchase orders, and delivery records.

PROJECT

Inventory Performance Dashboard

2023

Developed an internal Power BI dashboard using inventory and sales exports from the company's ERP system. The dashboard tracked stock availability, inventory aging, inventory turnover, and slow-moving products. Used Power Query for data transformation and created calculated measures for monthly reporting.
